Balance IT[®] **NATURAL** VETERINARY FOOD FOR DOGS

GRAIN FREE
**PORK
& POTATO**
RECIPE

Balance IT[®] is a brand trusted by thousands of veterinarians and veterinary nutritionists for pet food solutions. It is **board-certified veterinary nutritionist** founded, developed and supported. These veterinary exclusive foods are made with **wholesome ingredients**, providing a convenient natural veterinary food solution for your dog!

Our two recipes, **Grain Free Catfish & Beans Recipe for Dogs** and **Grain Free Pork & Potato Recipe for Dogs**, include the following features:

- **Natural ingredients**
- **Natural preservation**
- **Meat/Poultry/Fish as the first and predominant ingredient**
- **No animal or poultry by-product meal**
- **Grain Free - avoiding more common ingredients (e.g., soy, corn, wheat)**
- **Use of vegetarian palatants and vitamins**

These two innovative dry dog foods manage various conditions. Palatability, stool quality, and digestibility feeding trials are conducted as well as analytical testing on finished products to make sure key nutrient goals are met. Each recipe is **carefully tested** and our **small family business** provides a **full money back guarantee** when the product is returned to the place of purchase.

If your veterinarian recommends a Balance IT[®] Natural Veterinary Food, you may either buy 3.5 or 15 lb bags of food **directly from your veterinarian** or you may be able to visit www.BalanceIT.com to purchase the food and have it **directly shipped to your home**. Your veterinarian may also provide you with feeding instructions, or you may go to BalanceIT.com and click "**Feeding Instructions Generator**" under tools and create custom guidelines. This tool will also allow you to add fresh food treats if desired and appropriate.

For more information about Balance IT[®] Natural Veterinary Food, please speak with your veterinarian or visit www.BalanceIT.com.
