\* not recognized as an essential nutrient  
by the AAFCO Dog Food Nutrient Profiles

Calorie Content (calculated):  
2615 kcal/kg, 6.54 kcal/teaspoon

## Balance IT<sup>®</sup> canine -Cu

No animal origin ingredients

Simple and pure

Provide diverse diet options for  
your pet and use ingredients  
you and your pet prefer

Veterinary nutritionist designed

Balance IT<sup>®</sup> canine -Cu is a multivitamin,  
multimineral and amino acid supplement for  
homemade dog food. It was developed to work  
exclusively with custom recipes created using:

[www.balanceit.com](http://www.balanceit.com)

The supplement and internet-based software make  
up a patent pending system created by veterinary  
nutritionists board certified by the American College  
of Veterinary Nutrition.

Please contact your veterinarian regarding the  
appropriate use of this supplement for your dog.  
Extremely low copper content is from the natural  
presence of trace amounts of copper in other  
natural mineral sources that cannot be removed.
